Education

Master's and Bachelor's Degree

2018 - 2023 **(Civ. ing.) Software Engineering and Computer Science** Linköping University
Engaged in a joint Bachelor's and Master's program at Linköping University, specializing in large-scale software development.

Bachelor's Degree

2017 - 2018 **Information Systems** Lund University
Studied Information Systems at Lund University for a period of six months before shifting focus to Software Engineering.

Upper Secondary School

2012 - 2015 **Social Science Program** Bladins
Enrolled in the Social Science Program at Bladins with a specialized focus on International Relations. Throughout the program, I had the opportunity to study all the subjects in English.

Work Experience

Jun 2023 - Aug 2023 **Summer Internship** Maxar Technologies
Participated in a summer internship at Maxar Technologies, gaining hands-on experience in full-stack development (Django and ReactJS). Collaborated on the creation of an internal website from scratch.

Summer 2017 - 2021 **Garden Assistant** Nova trädgård
Provided support as a Garden Assistant, actively involved in tasks such as planting, watering, and installation of water systems.

Feb 2016 - Aug 2016 **Warehouse Worker** Personalcentralen
Served as a Warehouse Worker, offering consulting services to multiple companies in the Malmö region, including Lantmännen and Panduro Hobby.

Sep 2015 - Feb 2016 **Face-to-Face Sales Representative** Pepperminds
Engaged as a Face-to-Face Sales Promoting and selling monthly subscriptions for organizations such as Sight Savers and Hjärnfonden.

Extra-Curricular Activities

2022- 2023 **Reception Responsible at the Computer Technology Section (STABEN)** Linköping University
Responsible for managing the computer technology section's reception at Linköping University.

2020 - 2021 **Board Member of the Computer Technology Section** Linköping University
I actively contributed to the growth and development of the organization. I collaborated with fellow board members to implement strategic initiatives, organize events, and create a supportive environment for students during the pandemic.

2019- 2020 **Bandmaster of Computer Technology Band (D-band)** Linköping University
I had a pivotal role in leading and motivating the band members. I effectively coordinated with organizers to ensure smooth communication and seamless collaboration to create the best possible gig.
