Education

Master's degree

2018 - 2023

Civilingenjör Mjukvaruteknik / Software Engineering and Computer Science
Engaged in a joint Bachelor's and Master's program at Linköping University within software engineering, specializing in large-scale software development.

Linköping University

Bachelor's Degree

2017 - 2018

Systemvetenskap / Information Systems
Studied Information Systems at Lund University for a period of six months before shifting focus to Software Engineering.

Lund University

Upper Secondary School

2012 - 2015

Social Science Program
Enrolled in the Social Science Program at Bladins with a specialized focus on International Relations. Throughout the program, I had the opportunity to study all the subjects in English.

Bladins

Work Experience

Mars 2024 - Now

Software Engineer
Embedded C++ developer within Adaptive Autosar, working with the network transport layer

Vector

Jun 2023 - Aug 2023

Summer Internship
Participated in a summer internship at Maxar Technologies, gaining hands-on experience in full-stack development (Django and ReactJS). Collaborated on the creation of an internal website from scratch.

Maxar Technologies

Summer 2017 - 2021

Garden Assistant
Provided support as a Garden Assistant, actively involved in tasks such as planting, watering, and installation of water systems.

Nova trädgård

Feb 2016 - Aug 2016

Warehouse Worker
Served as a Warehouse Worker, offering consulting services to multiple companies in the Malmö region, including Lantmännen and Panduro Hobby.

Personalcentralen

Sep 2015 – Feb 2016

Face-to-Face Sales Representative
Engaged as a Face-to-Face Sales Promoting and selling monthly subscriptions for organizations such as Sight Savers and Hjärnfonden.

Pepperminds

Extra-Curricular Activities

2022- 2023

Reception Responsible at the Computer Technology Section (STABEN)
Responsible for managing the computer technology section's reception at Linköping University.

Linköping University

2020 - 2021

Board Member of the Computer Technology Section
I actively contributed to the growth and development of the organization. I collaborated with fellow board members to implement strategic initiatives, organize events, and create a supportive environment for students during the pandemic.

Linköping University

2019- 2020

Bandmaster of Computer Technology Band (D-band)
I had a pivotal role in leading and motivating the band members. I effectively coordinated with organizers to ensure smooth communication and collaboration to create the best possible gig.

Linköping University
