## Education

### Master's degree

- 2018 - 2023 **Civilingenjör Mjukvaruteknik / Software Engineering and Computer Science** Linköping University  
Engaged in a joint Bachelor's and Master's program at Linköping University within software engineering, specializing in large-scale software development.

### Bachelor's Degree

- 2017 - 2018 **Systemvetenskap / Information Systems** Lund University  
Studied Information Systems at Lund University for a period of six months before shifting focus to Software Engineering.

### Upper Secondary School

- 2012 - 2015 **Social Science Program** Bladins  
Enrolled in the Social Science Program at Bladins with a specialized focus on International Relations. Throughout the program, I had the opportunity to study all the subjects in English.

## Work Experience

- Jun 2023 - Aug 2023 **Summer Internship** Maxar Technologies  
Participated in a summer internship at Maxar Technologies, gaining hands-on experience in full-stack development (Django and ReactJS). Collaborated on the creation of an internal website from scratch.
- Summer 2017 - 2021 **Garden Assistant** Nova trädgård  
Provided support as a Garden Assistant, actively involved in tasks such as planting, watering, and installation of water systems.
- Feb 2016 - Aug 2016 **Warehouse Worker** Personalcentralen  
Served as a Warehouse Worker, offering consulting services to multiple companies in the Malmö region, including Lantmännen and Panduro Hobby.
- Sep 2015 - Feb 2016 **Face-to-Face Sales Representative** Pepperminds  
Engaged as a Face-to-Face Sales Promoting and selling monthly subscriptions for organizations such as Sightsavers and Hjärnfonden.

## Extra-Curricular Activities

- 2022- 2023 **Reception Responsible at the Computer Technology Section (STABEN)** Linköping University  
Responsible for managing the computer technology section's reception at Linköping University.
- 2020 - 2021 **Board Member of the Computer Technology Section** Linköping University  
I actively contributed to the growth and development of the organization. I collaborated with fellow board members to implement strategic initiatives, organize events, and create a supportive environment for students during the pandemic.
- 2019- 2020 **Bandmaster of Computer Technology Band (D-band)** Linköping University  
I had a pivotal role in leading and motivating the band members. I effectively coordinated with organizers to ensure smooth communication and collaboration to create the best possible gig.
